JEAN MONNET CHAIR EUDARE · SEMINAR 1 OF 2

From Large Language Models to Agentic AI

Artificial Intelligence, International Organizations and Global Politics

Adrià Urso Coll

CRM Coordination and Outreach Specialist
Food and Agriculture Organization of the United Nations (FAO)

From traditional AI to large language models and agentic AI: how prompts, context and sources shape the outputs of AI systems, how AI agents plan tasks and use digital tools under human supervision, and the limits, risks and responsible use of AI in study and work.
